ALERTS SENT

You have notified Sarah's emergency contacts with the following message:

It appears like Sarah P. is having an emergency allergy attack. Please contact me at (501) 665 – 5567.

You have notified 9-1-1 with the following pre-recorded message:

We have a 12 year old girl having a possible food allergy reaction. Global positioning systems through a cell phone put her location at 2492 Tyler Street, Conway, AR, 72034. Please call back at (501) 665 – 5567 for additional information. Thank you.

FOLLOW THESE INSTRUCTIONS CAREFULLY

Call 9-1-1

Give them my medical information and follow their instructions

Alert my ICE contacts

This will automatically alert my emergency contacts to contact you on this device.

Administer medication and other care

Lie me on my back and loosen any tight clothing

Don't give me anything to eat or drink

If I'm vomiting or bleeding, lie me on my side so I don't choke

If I'm not breathing, begin CPR until paramedics arrive

If my symptoms improve, do not stop emergency treatment until cleared by medical personnel

FOLLOW THESE INSTRUCTIONS CAREFULLY

Call 9-1-1

Give them my medical information and follow their instructions

Alert my ICE contacts

This will automatically alert my emergency contacts to contact you on this device.

Administer medication and other care

Lie me on my back and loosen any tight clothing

Don't give me anything to eat or drink

If I'm vomiting or bleeding, lie me on my side so I don't choke

If I'm not breathing, begin CPR until paramedics arrive

If my symptoms improve, do not stop emergency treatment until cleared by medical personnel

MY MEDICATION

THANK YOU FOR HELPING ME

My Benadryl is for my fish allergy. My EPI pen is for my eggs allergy. They are in my bookbag. Read the instructions before administering the medication.

GENERAL GUIDELINES FOR EPINEPHRINE INJECTORS

Inject into outer thigh only, through clothing if needed. Do not inject into veins, buttocks, fingers, toes, hands, or feet. Contact emergency personnel after injection.
